## **Multimorbidität im Alter (German Edition)** Stephan Zieme

Studienarbeit aus dem Jahr 2007 im Fachbereich Pflegewissenschaften, Note: 1,0, Universität Bremen, Veranstaltung: Medizinische Vertiefung, 22 Quellen im Literaturverzeichnis, Sprache: Deutsch, Abstract: In der Zeit des Mittelalters betrug die Lebenserwartung etwa 45 Jahre. Vor allem durch die sich immer weiter entwickelnde Medizin und das Eindämmen von gefährlichen Infektionserkrankungen kann heute mit einer Lebenserwartung von durchschnittlich bis zu 84 Jahren gerechnet werden. Dies sind einige Gründe, warum die Zahl der Hochbetagten bis 2050 von derzeit 3,6 Millionen auf 10 Millionen steigen soll (vgl. Statistisches Bundesamt 2006).

Multimorbidität ist ein typisches Merkmal des Alters. Da es einen Anstieg der Lebenserwartung und folglich der Zahl der Alten geben wird, ist die Zunahme multimorbider Hochbetagter unabwendbar. Doch was genau bedeutet „Multimorbidität“ und welcher Zusammenhang ist mit dem „Alter“ gegeben? Durch das Betrachten der demografischen Entwicklung und durch eine Definition der Begriffe „Multimorbidität“ und „Alter“ werden diese Fragen beantwortet. Außerdem wird ein Vergleich des Begriffes „Multimorbidität“ und des angloamerikanischen Begriffes „frailty“ gezogen. Denn der Begriff „frailty“ ermöglicht die Messung der noch vorhandenen Aktivität und

Vitalität eines alten Menschen. Die geriatrische Rehabilitation ist ein Versuch zur Besserung bzw. Stabilisierung und Vermeidung von Verschlechterung des Krankheitszustandes multimorbider Patienten. Das Wiedererlangen der Aktivitäten des alltäglichen Lebens bzw. das Aufrechterhalten der aktuellen Lebensqualität

steht hier im Vordergrund (vgl. Hager et al. 2002).

After you know how the truly amazing a book, you feel would like to read more and more. Science publication was created for teacher or students especially. Those ebooks are helping them to put their knowledge. In additional case, beside science book, any other book likes Multimorbidität im Alter (German Edition) to make your spare time much more colorful. Many types of book like this.

#### **Martha Howell:**

As a college student exactly feel bored to be able to reading. If their teacher asked them to go to the library or to make summary for some book, they are complained. Just tiny students that has reading's heart or real their pastime. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Multimorbidität im Alter (German Edition) can make you experience more interested to read.
