*Is a tragic discovery from the past triggering a number of shocking present-day events?*

**When Hannah loses out on the cottage of her dreams because of an unscrupulous real estate agent, she and her husband, Paul, buy a fixer-upper instead. But contractors restoring the chimney soon make a tragic discovery: the mummified body of an infant.**

**Hannah, already researching the history of her home in the county archives, is searching for clues to the dead infant's identity when more shocking events occur. Suddenly, her access to the courthouse is denied and the records she has been examining are slated for destruction. Someone with money, influence or both is trying to make sure incriminating information stays buried. Can Hannah solve the crimes before the evidence and over one hundred years of county history go up in smoke?**
