### Wonders of God, The William MacDonald

The works of the Lord are wonderful beyond description. Everything that He has created is a marvel. A single cell is as amazing in its order and complexity as the starry heavens. The great English preacher Charles Haddon Spurgeon said it well: "In design, in size, in number, in excellence, all the works of the Lord are great. . . Those who love their Maker delight in His handiworks; they perceive that there is more in them than appears on the surface, and therefore they bend their minds to study and understand them. The devout naturalist ransacks nature. . and hoards up each grain of its golden truth."In this fascinating and highly readable book, the author presents an array of evidence-from creation, providence, and redemption-that God is the most wonderful Person in the universe. Know Him better, love Him more through this stirring real-life drama all around us.
