Only Entertainment

Only Entertainment Richard Dyer

Only Entertainment explores entertainment as *entertainment*, asking how and whether an emphasis on the primacy of pleasure sets it apart from other forms of art.

Dyer focuses on the genres most associated with entertainment, from musicals to action movies, disco to porn. He examines the nature of entertainment in movies such as *The Sound of Music* and *Speed*, and argues that entertainment is part of a 'common sense' which is always historically and culturally constructed.

This new edition of *Only Entertainment* features a revised introduction and five new chapters on topics from serial killer movies to Elizabeth Taylor. In the final chapter Dyer asks whether entertainment as we know it is on the wane.
