The Exploits of Elaine

Arthur B. Reeve

The Exploits of Elaine Arthur B. Reeve

The scientific detective known as the “American Sherlock Holmes” pursues a ruthless arch villain in this high-stakes suspense novel

Professor Craig Kennedy and his loyal sidekick, newspaper reporter Walter Jameson, first learn of the Clutching Hand and his gang when they investigate a string of murders involving the policyholders of Taylor Dodge’s insurance company. After receiving a threatening note signed by the arch criminal, Dodge himself is robbed and killed, and his daughter, Elaine, turns to Kennedy for help. Using the latest advances in forensic science, the professor uncovers the exotic and deadly scheme behind the murders. But when the Clutching Hand and his band of evildoers kidnap Elaine, Kennedy must shed his lab coat and leap into action before it’s too late.

First appearing in the pages of *Cosmopolitan* magazine, Craig Kennedy was one of the most popular detectives of the early twentieth century. Arthur B. Reeve also wrote the screenplay for the serial version of *The Exploits of Elaine*, which starred popular silent film actress Pearl White.

This ebook features a new introduction by Otto Penzler and has been professionally proofread to ensure accuracy and readability on all devices.
