A Book of Burlesque

Willam Davenport Adams

A Book of Burlesque Willam Davenport Adams

In the pages that follow, I make no attempt to supply a consecutive and comprehensive history of English stage travestie. This would have been impossible within the limits assigned to me. My object has been simply to furnish an introduction to such a history, supplemented by sketches of the various groups into which English stage burlesques naturally fall, with such extracts as might serve to exhibit the respective methods of individual travestie-writers. My business has been with the literary rather than the histrionic side of burlesque—with the witty and humorous, rather than the purely theatrical, features of the subject with which I had to deal. At the same time, I hope that the details I have been able to give concerning dates, and "casts," and so on, may be useful to at least a large section of my readers.
