François René de Chateaubriand

Congreso de Verona: Guerra de España - Negociaciones - Colonias españolas (Papeles del tiempo nº 22) (Spanish Edition) François René de Chateaubriand

Como menciona Josep Fontana en el prólogo que hace a esta edición: «Este Congreso de Verona es un documento histórico importante: una referencia histórica indispensable para el estudio de los acontecimientos que se produjeron entre 1822 y 1824 y que significaron para España el fin del trienio liberal y el retorno al absolutismo. Pero es un documento que tiene como objeto central, como ocurre con la mayor parte de su obra literaria, al propio Chateaubriand, que se siente injustamente valorado en la época en que le ha tocado vivir y le ofrece a la posteridad un monumento dedicado a sí mismo.» Nos encontramos con un texto interesante, no sólo por lo que el propio Chateaubriand nos cuenta, también porque gracias al mismo encontramos las raíces de lo que aconteció en ese período tan fundamental de la historia de España. Es este, pues, un documento tanto histórico como literario que nos ofrece una visión, aun siendo interesada como bien documenta Fontana en su texto, de una importancia evidente, y en el que el autor de las memorias de ultratumba nos deja apreciar el estilo que más tarde le encumbraría.
