It's Nobody's Fault: New Hope and Help for Difficult Children and Their Parents Harold Koplewicz
People who wouldn't dream of blaming parents for a child's asthma or diabetes are often quick to blame bad parenting for a child's hyperactivity, depression, or school phobia. The parents, in turn, often blame their children, believing that they're lazy or rebellious. Even worse, the children with these psychological problems often blame themselves, convinced that they're just bad kids. In **It's Nobody's Fault**, esteemed child and adolescent psychiatrist Dr. Harold S. Koplewicz at last puts an end to this pointless--and erroneous--cycle of blame and helps parents get the help they need for their troubled children.

Written in an easy, anecdotal style and filled with fascinating stories of real children and their parents, **It's Nobody's Fault** is an indispensable guide for anyone who lives or works with children who need help.

From the Trade Paperback edition.
