J. B. Sykes, D. ter Haar

**Perspectives in Theoretical Physics: The Collected Papers of E/M/Lifshitz** J. B. Sykes, D. ter Haar  
Evgenii Mikhailovich Lifshitz is perhaps best known for his long association with his mentor Lev D Landau, with whom he co-wrote the classic *Course of Theoretical Physics*, but he was a noted and respected Soviet physicist in his own right. Born in the Ukraine to a scientific family, his long and distinguished career will be remembered for three things - his collaboration with Landau on the internationally acclaimed *Course of Theoretical Physics*, his work as editor of the *Journal of Experimental and Theoretical Physics*, and his scientific papers. As well as his work with Landau, EMLifshitz collaborated with many noted Soviet scientists such as IMKhalatnikov, IEDyzaloshinskii, VVSudakov, VABelinskii and the editor of this book, LPPitaevskii. Many of the papers presented in this book include their contribution. Collected together they give a comprehensive and penetrating insight into the man and his work, clearly showing Lifshitz's contribution to physics and the influences on his work.

### **From reader reviews:**

#### **Holly Taylor:**

This Perspectives in Theoretical Physics: The Collected Papers of E/M/Lifshitz usually are reliable for you who want to be a successful person, why. The reason why of this Perspectives in Theoretical Physics: The Collected Papers of E/M/Lifshitz can be on the list of great books you must have is usually giving you more than just simple reading food but feed an individual with information that probably will shock your earlier knowledge. This book is definitely handy, you can bring it just about everywhere and whenever your conditions both in e-book and printed types. Beside that this Perspectives in Theoretical Physics: The Collected Papers of E/M/Lifshitz giving you an enormous of experience for instance rich vocabulary, giving you trial run of critical thinking that we know it useful in your day action. So , let's have it and revel in reading.

#### **Diana Saffold:**

This book untitled Perspectives in Theoretical Physics: The Collected Papers of E/M/Lifshitz to be one of several books which best seller in this year, that's because when you read this book you can get a lot of benefit upon it. You will easily to buy this book in the book retail store or you can order it via online. The publisher in this book sells the e-book too. It makes you quicker to read this book, since you can read this book in your Mobile phone. So there is no reason for your requirements to past this publication from your list.

#### **Sergio Espinoza:**

In this time globalization it is important to someone to acquire information. The information will make someone to understand the condition of the world. The healthiness of the world makes the information better to share. You can find a lot of recommendations to get information example: internet, newspaper, book, and soon. You can observe that now, a lot of publisher this print many kinds of book. Often the book that recommended for your requirements is Perspectives in Theoretical Physics: The Collected Papers of E/M/Lifshitz this reserve consist a lot of the information in the condition of this world now. This book was represented how do the world has grown up. The vocabulary styles that writer value to explain it is easy to understand. The particular writer made some study when he makes this book. That is why this book acceptable all of you.

#### **William Kelley:**

Many people said that they feel bored stiff when they reading a publication. They are directly felt the item when they get a half areas of the book. You can choose the actual book Perspectives in Theoretical Physics: The Collected Papers of E/M/Lifshitz to make your own personal reading is interesting. Your skill of reading skill is developing when you similar to reading. Try to choose simple book to make you enjoy to study it and mingle the sensation about book and reading through especially. It is to be 1st opinion for you to like to wide

open a book and examine it. Beside that the reserve Perspectives in Theoretical Physics: The Collected Papers of E/M/Lifshitz can to be a newly purchased friend when you're sense alone and confuse in what must you're doing of these time.
