If there's one thing that everyone has an opinion about it's how to bring up a child - especially your child. Kate Konopicky found herself an embattled mother, knowing that however hard she worked everything was wrong. If she went back to full-time employment she was neglecting her child. If she stayed at home the child would be clingy and shy. So, she became a combination of teacher, nurse, nutritionist, psychologist, entertainer and mind reader. She didn't get weekends off and never phoned in sick when she wanted a lie-in. The boss was illogical, demanding, incapable of undertaking the simplest task. Yes, we've all had jobs like that but at least we got paid for them.

Kate Konopicky is an anarchic voice in the face of regimented parenting books. With brilliant humour, she'll make you believe you're not a failure when your fairy cakes don't rise, and you'll slowly come to realise that you may not be perfect but that you are doing your best.

'A wildly irreverent look at the parenting game. This riotous look back over her first five years of motherhood will come as a relief to imperfect parents everywhere - in other words, to all parents.' *You Magazine*
