Guardare, vivere e amare il calcio con gli occhi e la gioia di un bambino. Ecco cosa è necessario fare per riscoprire la vera essenza di questo sport. Dietro a questo racconto si cela la delusione del mister verso il calcio di oggi, che porta tanti bambini ad abbandonarlo, e la speranza del piccolo Luigi che si appresta ad iniziare a calcare i rettangoli di gioco. L'uomo, incalzato dal bimbo con le sue domande, sarà indotto a convincere il novello calciatore che il calcio non è come lo si vede in apparenza, con tanta superficialità, cattiveria e violenza, ma è molto di più. Dialogando con lui, il mister riscopre i valori che lo hanno avvicinato a questo sport, facendoglielo amare più di ogni altra cosa. Proprio come quando eravamo bambini, dove l'unico nostro obiettivo era stare nel posto più bello del mondo (un campo di calcio!), con il nostro amico migliore al mondo (un pallone di calcio!). L'appendice è una riflessione molto importante su quanto possa essere fondamentale la Scuola Calcio nella crescita di un bambino, a livello psicologico, motorio e alimentare, con i valori che porta e che rinforza nel bagaglio culturale dei giovani, aiutandoli a diventare Uomini prima che calciatori.

Watch, live and love football with the eyes and the joy of a child. Here's what you need to do to rediscover the true essence of the sport. Behind this story lies the disappointment of the coach to the football today, leading many children to abandon it, and the hope of the little Louis who is about to start in limestone rectangles game. The man, pressed by the child with his questions, you will be prompted to convince the young football player who is not like you see on the surface, so superficially, wickedness and violence, but it is much more. Talking to him, the coach discovers values ??that have approached this sport, facendoglielo love more than anything else. Just like when we were kids, where our only goal was to stay in the most beautiful place in the world (a football field!), With our best friend in the world (a football!). The appendix is ??a very important reflection on what might be the fundamental Soccer School in the growth of a child, on a psychological level, motor and food industries, with the values ??that door and that reinforces the cultural background of young people, helping them to become men before players.
