Based on the original handwritten manuscript, this book provides a new, accurate edition of Hume's important work, faithful to his original text, marginal notes, and changes. Stanley Tweyman's comprehensive introduction gives an interpretation of the *Dialogues* as a whole, as well as close analysis of each of the work's twelve parts. Hume's views on evil are discussed in four previously published articles, and the volume concludes with an extensive bibliography. Originally published in 1991.
