Here We Go Again.....: They Always Tell The Truth....Even When They Lie! (What the Hell Happened?!!) (Volume 1) Mr. Andrew Benjamin

To thine own self to be true, but this is never the case when we have high expectations of love. We see everything and comprehend nothing that's going on in a relationship. All the "Red Flags" that warn us of loss of interest, disrespect and infidelity are often ignored because we don't want to acknowledge it. Realizing the happenstance would be to admit our desires will go unfulfilled. So the average person keeps their eyes closed until the inevitable separation occurs. Only then do we wake up and see reality for what it really was. Due to the fact that around the world, someone, somewhere, is in a relationship trying to either make it work or trying to end it. This self-help manual through comparison with the author's "experience" (the name men give to their mistakes) will assist you in acknowledging the nonsense you tolerate in your own affairs. "Red flags" are discussed for most dating situations such as: "If you were able to have sex with someone on the first night, odds are they will sleep with someone else on the first night before and after you too". While reading this book, you will see yourself in many cases as the author shares his experience with ratchet people; the jokes and the drama created by them. You will relate to so much that you will find yourself getting upset with the characters as if it were happening to you; and fighting with yourself to put the book down or get annoyed whenever someone interrupts your intense evaluation. After you read this book by the Luv_Doctor, you would be much wiser in the future and be ahead of the game when it comes to dating and marriage. [WARNING]: This book is written with the opinions of "The Truth", written with strong language by various individuals other than the author. The truth for most will be offensive because the truth hurts. This book is not for the sensitive. Relationship breakups can be raw and nasty; and should be discussed in the same intensity.
