In 2018, Dr. Amos Konklin, a renowned neurosurgeon dubbed “Doctor Golden Hands,” is arrested for a grisly double-homicide at the Old Wilderness Campground. During a mesmerizing interview with reporter Peter Wild, Dr. Konklin reveals a shocking secret. For decades he’s wrapped those golden hands around a twelve pound sledge-hammer, his instrument of choice in numerous executions. As the reporter probes deeper, he is lead into a world where a brain surgeon who spent his childhood running the “High Striker” carnival sideshow game is connected to Isaac Newton, Nikola Tesla, The Bible, and tormenting visions. High Striker is an unparalleled Old Testament/Carnivale thriller whose central character could be described as a God-obsessed fusion of Hannibal Lecter, Dexter Morgan, and a carny. It’s a remarkable journey through time and place, a saga of the Konklin family spanning generations, exploring religious, intellectual, and philosophical perspectives of the human condition. Ultimately, it dares to confront the challenging question: What is the line that separates good and evil, coincidence and providence, delusion and reality?
