Miscellany of Lighting & Stagecraft Michael Hall & Julie Harper

This title will help schools, colleges, amateurs, technicians and all those interested in practical theatre and performance to understand, in an entertaining and informative way, the key backstage skills. Within its pages, numerous professionals share their own special knowledge and expertise, interspersed with diversions of historic interest and anecdotes from those practising at the front line of the industry. As a result, much of the advice and skills set out have not previously been set in print. The editors' intention with this book is to provide a Miscellany that is not ordered or categorised in strict fashion, but rather encourages the reader to flick through or dip into it, finding nuggets of information and anecdotes to entertain, inspire and engender curiosity – also to invite further research or exploration and generally encourage people to enter the industry and find out for themselves.
