Investing Without Borders: How Six Billion Investors Can Find Profits in the Global Economy Daniel Frishberg

An insightful examination of the skills needed to be a proactive investor and find diverse investment opportunities in the emerging economy

There is no little league on Wall Street and no white belts. Here or abroad, you are put in immediately with the black belts – the best and the brightest. Think like an amateur and they will eat your lunch in China or in the U.S. Attempting to invest overseas like a robot and following the leader will produce results just as bad as investing that way at home. While many investors are smart, creative individuals, when exposed to the herd, they tend to follow group mentality and succumb to what the people around them believe. Avoiding this trap can mean big profits for you.

With *The Investment Warrior*, author Daniel Frishberg—a financial professional with more than thirty years experience in the industry—shows you how to break from the pack and build a winning portfolio. The investor in the old economy didn't think critically about changing economic or political conditions around the world. He never really had to. He was lulled to sleep by the enduring dominance of the U.S. economy. This book teaches you to be an awake and aware investor, ready for the changing financial environment. Throughout the book, Frishberg discusses what it takes to successfully invest both domestically and abroad and provides practical examples. This book

- Goes beyond the current crisis and explores the importance of diversifying and escaping the "herd" mentality that hinders most investors
- Contains insights into investing for the long term and taking advantage of the growing world economy
- Details the staggering amount of resources being applied to the global boom and what this means for your investments

The lessons of this book go beyond today's economic crisis. Frishberg will provide you with insights to be used in all investing circumstances. Everyone wants to oversimplify. This is one of the most costly human foibles. You can capture considerable profits by going out on your own, and with *The Investment Warrior* as your guide, you'll quickly discover how.
