Leadership Standards for Action: The School Principal as Servant-Leader is a powerful resource for aspiring principals, practicing principals, district leadership, and university faculty. As a framework, the six ISLLC Standards of Educational Leadership are examined through the lens of a principal as servant leader. The text is rich with insights from a former school principal passionate about living and leading in a more caring, effective, and humanistic manner that seeks results in student learning and organizational health. Using a combination of theoretical research, practical lessons, and case story, the book illuminates the possibilities for the school principal within the reality of today's accountability era. Topics within the book include the principalship, servant-leadership, visionary leadership, instructional leadership, organizational leadership, collaborative leadership, ethical leadership, and political leadership. This book will enrich the professional views and practice of educators willing to embark on the journey of its contents.
