## Sojourn: An Anthology of Speculative Fiction (Volume 2)

The talented storytellers of the Fear the Boot podcast community have returned with a new collection of worlds for you to explore. This time around, the authors were given a theme. The theme was a single word: winter. Whether it is the cold chill outside or the ice within our hearts, these stories examine, in their own unique way, aspects of winter in all its complexity. Sojourn with us to a world where a father and son struggle for the throne of the Viking clan; a world where two knights must venture to the Edge of the World on a quest of prophecy; a world where a paranormal agent investigates a Colorado town suffering in the winter; a world where a gnoll must don red and green to save Christmas with his holiday spirit...and a bit of violence. Some of these worlds will feel familiar, some will feel alien, and a few may entice you to sojourn just a bit longer.
