How do we create joy and happiness in our life and in our relationship? Laura is tired of her everyday life, it feels monotonous and joyless. She persuades her four girlfriends to join her on vacation to an island paradise. The trip marked the beginning of making changes in their lives and events take twists that none of them could have imagined. The island offers them temptations that are hard to resist, and forces them to make decisions, which will seriously affect their future. A thought-provoking novel about love, heat, and passion, about marriage, break ups, about women who want to take control of their lives. We all want to be happy but how do we find happiness? The women in the book try to find the answers to these questions: Should we cling to our safety, although it is boring and unsatisfying, or take the risk to let go and float freely on the waves of life?
