Sometimes even a fairy godmother needs to call for backup.

Guys and Godmothers, Book 2

When Fairy Godmother Lilly Bloom gets her latest assignment, the rules send her into a minor panic attack. She must bring two people together—using as little magic as possible.

Photographer Bruce Matthews has finally found someone who really, really gets him. He and Greta like the same things, laugh at the same jokes. There's just one thing—he's never actually seen her face to face. Her social media profile bears no picture.

Much as Greta Vandecall yearns to leave her small town and meet her online prince charming, secrets chain her to the past and force her to hide her face from the world. Secrets she knows would destroy the friendship she values most.

A steampunk convention seems to be the perfect way to meet face to mask. And in the excitement of the moment they connect in a very warm, real way. But cold, hard reality isn't far behind. And if Lilly fails, this time she'll lose her fairy godmother status. For good.

Warning: Stupid decisions, a love of steampunk, and a fairy godmother willing to do whatever it takes to bring two people together.
