*Love might stand a chance...if they can keep from killing each other.*

Holly Spinnaker is a monster. Really. Fangs and all. Never mind the petite figure. Pay no attention to the once-bouncy blonde mane. When Jarvis Winters first encounters...*it*...he prepares to exterminate freak number one hundred thirty two without a flinch.

Mistake number one: following it back to its lair. Mistake number two: watching and listening to her...*it*...replay voice mail messages from loving, clueless parents again and again and again. Mistake number three: having an actual conversation with a bloodthirsty fiend.

“Make them see you as a person.” Holly remembers the advice from a self-defense class her mother made her take her freshmen year. She couldn’t save her own sister, who ended up a pile of ashes at her feet only one month ago. The night they both found out monsters were real. The night her sister embraced the change. And Holly began to fight it.

“*Make them see you as a person.*” Kind of hard when you aren’t even sure if you *are* a person anymore.
