Modern Social Work Practice: Teaching and Learning in Practice Settings Mark Doel

Modern Social Work Practice is an interactive book designed to provide readers with an opportunity to engage with key aspects of current social work practice. It also provides an excellent digest of the significant literature. Each chapter is introduced with an activity or exercise designed to aid student learning in discrete aspects of practice, building up to a complete curriculum for practice learning.

The book builds upon the success and style of Social Work Practice (1993) and The New Social Work Practice (1998). Mark Doel and Steven M. Shardlow have shaped the book to take account of the National Occupational Standards for Social Work, aiming to provide a creative, practical and up-to-date resource for teaching and learning in line with current practices.
