A thoroughly modern global business story

In the spirit of James Clavell, *China Fortunes* is a vast and sweeping story that addresses one of the hottest topics of the day, Chinese business.

From a chaotic start in China to an embezzling Chinese company president on the run in Manilla, this book follows the monetary ups and downs of Jack Davis, an American financier drawn to the great Asian nation by the wealth of opportunities that accompanied the opening of the country to outsiders.

- Traces the beginnings of China's entry into the industrial age, as it hesitantly embraced capitalism while enthusiastically chased foreign dollars
- Takes readers through the bond trading floors of Wall Street to the opaque world of investment boutiques, market crashes and business failures, IPOs, failing marriages, and multi-national hydro electric deals
- Written by a leading China businessman with deep connections in China and beyond

Drawing on the experiences of one of the first western investment bankers to do business in China, this exciting tale brings you up close to the rising fortunes and risky business of the Middle Kingdom.
