**El deseo de ser madre (Otras publicaciones) (Spanish Edition)** Anna Gimeno Berbegal

¿Por qué no me quedo embarazada? ¿Con un tratamiento médico lo podré conseguir? ¿Qué diferencia la fecundación in vitro de la inseminación artificial? Ante la demora del embarazo y la imposibilidad de gestar de forma natural surgen inevitablemente un sinnúmero de preguntas, temores y, desde luego, emociones. Antes incluso de decidir si vas a recurrir a la reproducción asistida hay muchas cuestiones que, sin duda, deseas aclarar. Anna Gimeno –periodista y madre tras haberse sometido a una fecundación in vitro– explica y analiza, con gran claridad y rigor, en qué consisten los tratamientos de reproducción asistida, para que tomar una decisión respecto a la propia maternidad resulte más fácil. El deseo de ser madre ofrece tanto información objetiva, acreditada por los mejores especialistas del mundo en medicina y psicología reproductiva, como testimonios personales del proceso emocional que han vivido mujeres y hombres al emprender este particular viaje. Aborda, además, desde la explicación biológica, psicológica y social del deseo de tener hijos hasta los obstáculos que deben salvar las parejas del mismo sexo y las mujeres sin pareja. También explica los derechos que amparan actualmente a las personas que optan por esta solución y cuál es la situación de la asistencia médica tanto en la sanidad pública como en la privada. El deseo de ser madre es una guía imprescindible, práctica, médica y psicológica, para las personas que están buscando un embarazo sin lograrlo. Y resuelve tanto las dudas iniciales que asaltan a quienes desean emprender esta aventura, como las cuestiones que se plantean aquellos que ya la han iniciado.
