Rome: The First Book of Foundations Michel Serres

Michel Serres first book in his 'foundations trilogy' is all about beginnings. The beginning of Rome but also about the beginning of society, knowledge and culture. *Rome* is an examination of the very foundations upon which contemporary society has been built.

With characteristic breadth and lyricism, Serres leads the reader on a journey from a meditation the roots of scientific knowledge to set theory and aesthetics. He explores the themes of violence, murder, sacrifice and hospitality in order to urge us to avoid the repetitive violence of founding. *Rome* also provides an alternative and creative reading of Livy's *Ab urbe condita* which sheds light on the problems of history, repetition and imitation.

First published in English in 1991, re-translated and introduced in this new edition, Michel Serres' *Rome* is a contemporary classic which shows us how we came to live the way we do.
