Gli Studi Culturali (Strumenti) (Italian Edition) Valentino Cecchetti

Gli studi culturali designano una serie di discipline – denominate cultural studies - che analizzano e descrivono i rapporti tra la cultura e i fenomeni sociali e comunicativi. I cultural studies nascono nel dopoguerra dalla sociologia letteraria britannica e si affermano come fenomeno di moda nelle università americane tra gli anni Ottanta e Novanta. Attualmente ai cultural studies internazionali fanno riferimento alcuni ambiti (studi di genere e post-coloniali, discorsi di minoranza, nuove forme della comunicazione di massa), che si incontrano in vario modo con l'antropologia, la letteratura, gli studi sociali contemporanei. Il volume è una sintetica introduzione agli studi culturali e alle questioni oggi più dibattute in questo settore della ricerca umanistica e fornisce le nozioni indispensabili alla comprensione del metodo culturalista.
