Amy is uprooted from the city she loves to the Midwest -- and she's pissed! The 16-year-old blasts her parents for destroying her happiness. But when her verbal attacks turn physical, she is sent away to a boot camp for troubled teens. Expecting Bonehead Bootcamp to be a laid-back country retreat, Amy instead enters a frightening fantasy world where a mutant farm animal manipulates time and space. Together with three other unruly teenagers, she must summon all her courage and ingenuity to get back home. A diehard city girl, Amy is uprooted to the Midwest against her will. Miserable in her new home and unpopular at school, the 16-year-old blasts her parents for destroying her happiness. But when Amy's verbal attacks turn physical, she is sent away to a reformatory to learn some manners. Bonehead Bootcamp plays host to Amy and three other unruly -- and very competitive -- teenagers. The motley group is forced to navigate an obstacle course like those used for military training. The similarity ends, however, when climbing over a wall lands them in a frightening fantasy world of confusion, deception, and time-travel. The juvenile adversaries must now join forces as they search for a way back to reality. On their journey, they confront their individual character flaws through a series of freakish encounters, unveiling the hidden truths behind their rebellious natures.
