## **Gemas curativas (Spanish Edition)** Patricia Skilton

Una gema es energía vital que la Tierra nos regala con generosidad. La gemoterapia, la más antigua y natural de las terapias holísticas, concibe al individuo como una unidad funcional-cuerpo, mente, espíritu-; una totalidad que no puede ser comprendida parcialmente. Es una terapia vibracional o energética que trasciende lo físico para dedicarse a los planos más sutiles del ser: el emocional, el astral y el etérico. Esta terapia holística, que trabaja a partir de gemas o cristales de luz, armoniza los chakras para sanar los planos esenciales del ser, complementa el tratamiento médico al eliminar las causas de las dolencias y repercute en el plano corporal restableciendo el necesario equilibrio energético. Qué es una gema. Gemas de origen vegetal, animal y mineral. Leyendas e historias. Propiedades energéticas y terapéuticas de los cristales. La práctica de la gemoterapia. Tratamiento-desde los centros energéticos o chakras-de los distintos órganos y sus afecciones, y elixires para diversas dolencias.
