## **Judging Maria de Macedo: A Female Visionary and the Inquisition in Early Modern Portugal** Bryan Givens

On February 20, 1665, the Inquisition of Lisbon arrested Maria de Macedo, the wife of a midlevel official of the Portuguese Treasury, after she revealed during a deposition that, since she was ten years old, an enchanted Moor had frequently taken her to a magical castle in the legendary land of wonders known as the Hidden Isle. The island paradise was also the home of Sebastian, the former king of Portugal (1557-1578), who had died in battle in Morocco while on crusade in 1578. His body remained undiscovered, however, and in a grass-roots movement known as Sebastianism, many people in seventeenth-century Portugal---including Maria---eagerly awaited his return in glory. In *Judging Maria de Macedo*, Bryan Givens offers a microhistorical examination of Maria's trial before the Inquisition in Lisbon in 1665-1666, providing an intriguing glimpse into Portugese culture at the time. Maria's trial record includes a unique piece of evidence: a pamphlet she dictated to her husband fifteen years before her arrest. In the pamphlet, reproduced in its entirety in the book, Maria recounts in considerable detail her journeys to the Hidden Isle and her discussions with the people there, King Sebastian in particular. Not all of the components of Maria's vision were messianic in nature or even Christian in origin; her beliefs therefore represent a unique synthesis of disparate cultural elements in play in seventeenth-century Portugal. Because the pamphlet antedates the Inquisition's involvement in Maria=s case, it offers a rare example of a non-elite voice preserved without any mediation from an elite institution such as the Inquisition, as is the case with most early modern judicial records. In addition to analyzing Maria de Macedo's vision, Givens also uses the trial record to gain insight into the values, concerns, and motives of the Inquisitors in their judgment of her unusual case. He thus not only examines separately two important subcultures in early modern Portugal, but also analyzes how they interacted with each other. Introducing a rare feminine voice from the early modern period, *Judging Maria de Macedo* opens a singular window onto seventeenth-century Portuguese culture.
